Dear parents and carers

Covid 19 and School Opening

As with all of the government announcements concerning the Covid-19 response, the school is not privy to any information prior to the news conferences – we find out at the same time as you and your families.

On Sunday 10th May the Prime Minister announced school re-opening could be the 1st June for certain year groups in primary schools. Alongside this, it was announced that secondary schools might also begin some face to face support with year 10 and 12 pupils before the summer holidays, although they do not expect these pupils to return on a full-time basis at this stage.

As communicated previously, the Senior Leadership Team at LeAF Studio have been planning the re-opening for a while to ensure we can keep all our staff and students safe. Even with students attending, staff will be continuing to offer online learning for everyone, as we appreciate not all students will be in a position to return due to health reasons or the need for public transport, which currently the Government are advising people to limit.

The next step of our plan is to gather information on how many of our current Yr10 and 12 students will be aiming to attend on site should we re-open at some point in the final summer term. Please may I ask every Year 10 and 12 parent to complete a form by clicking the link below and filling out the quick survey by 12pm on Wednesday 20th May 2020:

I would like to reassure you all that we will not place any staff or student at risk, therefore at this time we are only gathering the information to support further plans, we are not stating we will be definitely re-opening.

Please stay safe.

Kind regards

Mrs N Lapskas
